

Data quality is key yo a successful operation...

Our experience indicates that operators spend a lot of hours per month balancing report figures to be su

Cloud Thinking Solar Management (CTSM) () offers the mechanisms **AUTOMATICALLY** the quality of

The screenshot shows the 'Data validation' interface of the CTSM system. It features a table with the following columns: Selection, Date, Date range, Date, and a 'View' button. The table contains multiple rows of data, including entries for 'Production' and 'Consumption' with various numerical values and dates. The interface also includes a sidebar with navigation options and a top navigation bar with the CTSM logo and user information.

Benefits:

- **Reduction of management times** of company costs.
- **Optimization** of the accuracy of operational management.
- **Service quality.**
